

GREASE JOINT REJUVENATOR®

Professional Model
#77700-02453

Have you ever tried to force grease through a grease joint or fitting and couldn't? Now you can!

By forcing light oil into the joint, the Grease Joint Rejuvenator® flushes out old hardened grease and allows the new grease to be pushed through.

- Works on farming, excavating, construction, industrial equipment, aircraft, automobiles, trailers, and more
- Includes a 5 inch flex hose for hard-to-reach fittings

 **MADE & ASSEMBLED
IN THE USA**
